"Speak Chicken, Eat Wings™"

"A New, Innovative, and Deliciously Fun way to Wing!!... **BEST WINGS EVER™**, Exciting modern Blaze Pizza-like concept"

Buk-Buk World Famous Wings is the country's first build-your-own gourmet/artisanal chicken wing restaurant company, and thus is the leader and innovator of the build-your-own chicken wing category in this new **"Quick-Casual Take-Out** genre that **we've** coined and created" (no longer eat-in Fast-Casual) **specifically because of and in the wake of the Covid-19 pandemic**. Now you can have Fast-Casual "high quality-level" food in the speed and convenience of a "safe and fun" fast-food take-out environment. Buk-Buk incorporates an innovative and modern assembly-line format (similar to Blaze Pizza and Chipotle Mexican Grill) called "Toss n Sauce" that enables their customers to create amazingly delicious, artisan **"Best Wings Ever™"** – giving customers a choice of close to 70 of the freshest artisanal toppings and add-ons to choose from. Incredibly customers can create over 10,000 possible unique artisanal combinations, so they can truly create their "Best Wings Ever" – Every Time.

Buk Wings go through a 30-Hour secret special marination, and Buk-Buk uses only the best and freshest USDA Certified Organic, Fresh – Never Frozen, hormone and anti-biotic free, and Non-GMO Project Verified free-range chickens for all of its chicken items. The entire customer process takes only about 10 minutes from "Hatched to Batched". Prices start out at only \$7.99 for the smallest wing batch size.

"CLUCK" is what they do; "BUK" is what they Say™!!

Don't do as they do – Do as they Say™!!
